Fiscal Years Ended June 30, 2024 and 2025

ABOUT THE AGENCY

The mission of the Office of State Ethics is to practice and promote the highest ethical standards and accountability in state government by providing education and legal advice, ensuring disclosure, and impartially enforcing the Codes of Ethics. In addition, the Citizens Ethics Advisory Board within the Office of State Ethics adjudicates cases brought under the Code of Ethics, determines findings of violations, and issues advisory opinions.

ABOUT THE AUDIT

We have audited certain operations of the Office of State Ethics in fulfillment of our duties under Section 2-90 of the Connecticut General Statutes. The scope of our audit included, but was not necessarily limited to, the fiscal years ended June 30, 2024 and 2025. The objectives of our audit were to evaluate the:

1. Office's internal controls over significant management and financial functions;
2. Office's compliance with policies and procedures internal to the office or promulgated by other state agencies, as well as certain legal provisions; and
3. Effectiveness, economy, and efficiency of certain management practices and operations, including certain financial transactions.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit identified one finding involving an internal control deficiency and an instance of noncompliance with laws, regulations, or policies.

NOTEWORTHY FINDING

The Office of State Ethics (OSE) did not develop written procedures for conducting a physical inventory or submit them to the State Comptroller. In addition, OSE did not include information in certain property control record data fields including manufacturer, department, fund, purchase order number, and useful life, among other required information.	OSE should comply with the State Property Control Manual by establishing and submitting written procedures for conducting a physical inventory and maintaining complete property control records for each asset (Recommendation 1).
